Subject: Fw: Analytical Request for Dimock Residential Well Site

I believe this is the "final" plan for the supplemental sampling for the 3 new homes sampled in May - difficult to see on my BB. Assuming this is the correct plan - we will need to pass it on to Deb for her review. Will send round 2 separately.

Dan, John, *et al*:

Attached are analytical requests for the Supplemental Round 1 sampling to be conducted at Dimock next week, along with target compound/QL lists and the approved sampling plan. Separate request forms were prepared based on which EPA Lab did the analyses on the previous sampling event. A separate request will be submitted for 'Round 2' sampling.
